Trees in Stock Listed by Botanical Name

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|-------------------|-----------|--------------------------|---|--------|-----------------|
| Acer buergerianum | Maple | Trident | Small shade tree with mottled orange-gray bark. Colorful autumn leaves. Excellent patio specimen or bonsai subject. PA Horticultural Society Gold Medal Winner. | 6 | 85.99 |
| Acer campestre | Maple | Hedge | Height & spread 25-30 feet. Globular form. Small dark green leaves. Yellow fall color. Low height & slow growing makes excellent residential use. Sun. Suitable as a large hedge. | 3 | 119.99 |
| Acer campestre | Maple | Queen Elizabeth | Upright branching, oval form. Dark green foliage, yellow fall color. Attractive corky bark. Resistant to Japanese beetles. A recommended street tree. Height 35 feet, spread 30 feet. | 3 | 89.99 |
| Acer freemanii | Maple | Autumn Blaze | Mature height 40-50 feet, spread 40 feet. A fast growing deciduous tree that has all the vigor of a Silver Maple with a slightly smaller leaf. Deeply lobed rich green leaves and brilliant orange-red fall color. | 3 | 128.99 |
| Acer ginnala | Maple | Flame | Height and spread 15-20 feet. Small, dense form. Yellowish, white fragrant flowers in spring. Fiery red fall color. Slow growing and very cold hardy. Tolerates dry and alkaline soils. Grows well in shade and adapts to containers. Recommended street tree for under utility lines, between streets and sidewalks. | 2 1 | 89.99 ? |
| Acer griseum | Maple | Paperbark | Ten year height 5-10 feet. Mature height 20-30 feet. Upright oval form. Slow grower. Orange-copper colored exfoliating bark at young age. Red fall color. Adaptable to acid or alkaline soils. Needs good drainage. Great for limited spaces or low clearance. Year round tree. | 6 4 | 139.99 89.99 |
| Acer japonicum | Maple | Fernleaf Japanese Green | Small tree growing 15 feet. Multi-divided and deeply cut leaves offering a fern like appearance. Spectacular scarlet red shades in the fall. | 2 | 85.99 |
| Acer japonicum | Maple | Vitifolium | The leaves resemble grapevine foliage, but they appear on a tree with a stiff, spreading branch structure. The soft, fluffy leaves, light-to-robust green from early spring through summer, change in fall to a spectacular display of orange-yellow and bright red. Early, showy, red and white flowers add extra ornamental interest. Tree performs best with filtered or full sun in rich, moist soil. | 1 | 139.99 |
| Acer palmatum | Maple | AO Kanzashi | This small tree (to twelve feet), has deeply divided dark blue-green leaves with irregularly variegated light creamy green edges. The tree has the upright vase-shape. | 1 | 119.99 |
| Acer palmatum | Maple | Beni Kawa Green Japanese | Deciduous tree that has red bark. Fall color ranges from yellow to orange and usually is an attractive combination of both. An upright vase shaped form. Height: 12-15 feet Width: 8-10 feet | 1 | 129.99 |

|----------------|-----------|--------------------------------------|---|-----|--------|
| Acer palmatum | Maple | Beni Shichihenge Variegated Japanese | Strongly variegated, blue-green and white leaves with pink-orange overtones change in fall to rich, red-orange. Showy petioles contribute crimson red to the mix. Variable leaf lobes are cut deeply, and some of them curve erratically. A vase-shaped habit with strong, vertical main branches and numerous small branchlets add to the desirability of this tree. Height: 10-12 feet Width: 8-10 feet | 2 | 119.99 |
| | | | | 1 | 195.99 |
| Acer palmatum | Maple | Bloodgood Red Japanese | Considered the most popular upright maples. New growth is brilliant reddish purple and holds its color through summer. Moderate grower to 15 feet tall and wide. | 2 | 119.99 |
| Acer palmatum | Maple | Butterfly Tricolor Variegated | This vase-shaped tree has small, dainty, variegated blue, green and white leaves tinged with pink. A good tree to consider for an elegant entry planting. In the fall, the white margins pink. A good tree to consider for an elegant entry planting. In the fall, the white marginsv | 2 | 119.99 |
| Acer palmatum | Maple | Emperor One | Very similar to 'Bloodgood', it usually leafs out a few days later in the spring lessening the chance of frost damage. The growth rate is very good, spring color is dark purple and fall color is bright red. Height: 15-18 feet, width: 12-15 feet. | 1 | 129.99 |
| Acer palmatum | Maple | Filigree Green Dwarf Japanese | A deciduous shrub or small tree that matures at 6 feet high by 9 feet wide. The foliage is a yellow green with a white mid-vein in every leaf. The fall color is gold. | 4 | 89.99 |
| Acer palmatum | Maple | Garnet Red Laceleaf | Foliage is a red-orange like the name implies. Aggressive grower, will grow up to 3 feet per year with heavy fertilization. It has a pendulous, spreading for. It should have full sun for the most intense garnet-red color. Deciduous plant matures at 10 feet. | 2 | 85.99 |
| Acer palmatum | Maple | Green Hornet | The shape is cascading and very similar to an opened umbrella. 'Green Hornet' has a unique "best of both worlds" characteristic as it transforms from its summer green into a bright red color for the autumn. It makes an excellent complement to the landscape and grows well in sun or shade. | 3 | 149.99 |
| Acer palmatum | Maple | Green Japanese | With its delicate foliage, small crown, and naturally artistic form, it creates an oriental effect in any garden. Fall colors are inspiring in their brilliance. With their refined character, tree is in short supply. | | |
| Acer palmatum | Maple | Hogyoku | An upright green Japanese maple with very attractive foliage, mostly known for its pumpkin orange fall color. Height: 12-15 feet Width 8-10 feet. | 1 | 119.99 |
| Acer palmatum | Maple | Inaba-shidare Red Laceleaf | Deciduous shrub or small tree that grows up to 10 feet. Large leaves with purple red color that holds through the summer and turns crimson in the fall. Also known as the "rice plant". Full sun to part shade. | 2 | 89.99 |

|----------------|-----------|--|--|--------|-----------------|
| Acer palmatum | Maple | Mikawa Yatsubusa | The leaves of this multi-branched, compact cultivar grow closely together and overlap one another like shingles on a roof, producing a dense leaf cover on a sculptural, nearly spherical form. New foliage, light yellow-green with red tips and margins, turns medium green as it matures. In fall, brilliant fiery red and darker red leaves create a dramatic show. Grows 3-6" a year. | 1 | 119.99 |
| Acer palmatum | Maple | Ogon sarasa (Gold Calico Cloth Japanese Maple) | Leaves start out brick red, almost black, in spring, and change to green burnished with red-bronze in summer. Fall changes them again into a patchwork of gold-orange-red, all of them decorated with fine, green venation. In winter, the slow-growing tree shows off its attractive branching and wide, spreading crown. Grows 6-12 inches a year. | 1 | 138.99 |
| Acer palmatum | Maple | Omure yama Japanese | Spectacular color, highly dissected foliage and an elegant, cascading habit. The leaves are nearly as divided as laceleaf cultivars, and the fall display of reds and golds is as dramatic as any. The noteworthy ornamental wide, tree will command attention in gardens large and small. Full to filtered sun produces the best look. Grows 6-12 inches a year. | 2 | 88.99 |
| Acer palmatum | Maple | Orido Nishiki Japanese | Deciduous shrub or small tree that grows up to 15 feet. The best variegated Japanese Maple. Leaf is green, white and pink in splashes. The bark on the tree is red and purple striped. Red/burgundy fall color. Thrives in fertile, well-drained soil. | 2 | 139.99 |
| Acer palmatum | Maple | Peaches N Cream | Here is a superbly variegated Japanese maple. It has deeply divided and crinkled leaves. In spring the leaves are a pale creamy greenish color with rose pink edges set off dramatically by the dark green veins. Yellow fall color. Mature height & spread: 10 feet. | 1 | 108.99 |
| Acer palmatum | Maple | Red Leaf Jap. Maple | Graceful deciduous tree displaying star-like leaves which hold an excellent reddish-purple coloring. Foliage makes an outstanding contrast with green leaved plants. Brilliant red fall color. Filtered sun. Moderately growing, open-branched small tree to 18 feet, equal spread. | 1 | 79.99 |
| Acer palmatum | Maple | Red Pygmy Dwarf Japanese | A deciduous shrub or small tree that matures at 6 feet. A dwarf linear lobum type with red or bright red-maroon lace-like leaves that deepen into a more purplish tone in late summer. | 1 2 | 114.99 89.99 |
| Acer palmatum | Maple | Rhode Island Red | An outstanding new dwarf selection, this upright tree boasts very dense, compact branching, which yields a round-to-ovate outline. It has mid-size, palmate leaves with a bright red, spring flush that darkens as leaves mature. Fall foliage is outstanding orange to red, and in winter, dark red stems add drama to the scene. | 3 1 | 95.99 148.99 |

|----------------|-----------|------------------------------------|--|--------|-----------------|
| Acer palmatum | Maple | Sango Kaku | A deciduous shrub or small tree that matures at 20 feet. The coral bark maple is known for its bright coral colored bark. The leaves are a bright tone of green turning to gold in the fall. | 1 2 | 189.99 43.99 |
| Acer palmatum | Maple | Scolopendrifolium Rubrum | This tree has finely lobed leafs and an excellent dark maroon color in spring that fades to a bronzy red-green in the summer. Fall colors are a burnt reddish. This if a fine branched tree with excellent form that provides a delicate look for the landscape. Mature height to 10'. | 1 | 139.99 |
| Acer palmatum | Maple | Seiryu Green Laceleaf Japanese | This green Laceleaf Maple is vigorous with finely dissected leaves that are tolerant of heat. In fall, the foliage turns to a wonderful display of strong-gold, light-yellow, and crimson. Although upright, the tree maintains a compact stature, and its feathery leaves, which hold up well to heat, bring about dappled sunlight. Grows 6-12 inches a year. | 1 | 139.99 |
| Acer palmatum | Maple | Sharp's Pygmy | This is an outstanding miniature maple. Small, regular leaves on a compact, densely branched, rounded shrub. Turns a deep red in the fall. One of the most attractive dwarf maples useful in a variety of landscape situations. Ten year height 2-3 feet. | 1 | 179.99 |
| Acer palmatum | Maple | Shirasawanum Golden Full Moon | Highly regarded for its beautifully shaped, colorful leaves. Especially in spring, the small, slow-growing, garden tree displays outstanding, glowing color. Yellow-green leaves brighten shadier spots through summer, before putting on orange and red hues in fall. Protect this maple from intense sunlight. Grows 6-12" a year. | 1 | 124.99 |
| Acer palmatum | Maple | Shishigashira Japanese Lion's Mane | The small, green, heavily textured leaves coat the tree's outward spreading branches, and in fall, brilliant oranges and yellows arrive very late, which extends the season's dramatic color display. Aristocratic stature carries the show in winter. Grows 6-12 inches a year. | 1 | 45.99 |
| Acer palmatum | Maple | Tobiosho Japanese | A broad, upright habit, even when young, supports the dense, green canopy from spring through summer. In fall, the foliage bursts into an unsurpassed show of brilliant colors that starts on the lower branches and advances up the tree. Gold appears first and changes to orange, then scarlet until all three colors are on display at once. Finally, they all go completely scarlet. Grows 12-15 inches a year. | 3 | 88.99 |

|------------------|-----------|-----------------------------------|--|-------------|----------------------------|
| Acer palmatum | Maple | Ukigumo | A deciduous shrub or small tree that matures at 6 to 7 feet. Most of the leaves are marked in varying degrees by white and pink spots, sometimes emerging into large areas. Some leaves are totally white or pink. This plant will take full sun. | 1 2 | 185.99 38.99 |
| Acer palmatum | Maple | Viridis Green Laceleaf Japanese | A green laceleaf maple with a cascading growth habit. The fresh green foliage maintains its bright green appearance throughout summer. Foliage becomes a golden-orange color in fall. An ideal small tree. Height 4-6 feet, spread 6-8 feet. | 2 1 5 | 259.99 189.99 159.99 |
| Acer palmatum | Maple | Waterfall Green Laceleaf Japanese | The green dissected leaves are like most viridis types but slightly larger. Fall foliage color is gold. This deciduous plant matures at 10 feet. | 1 3 | 259.99 159.99 |
| Acer palmatum | Maple | Tamukeyama Laceleaf Japanese | Graceful, ornamental deciduous tree with lacy, finely divided foliage that emerges deep crimson red and matures to a dark purplish-red in summer. Fall color is bright crimson. Ideal for container, accent or specimen use. Height 6-8 feet, spread 7-9 feet. | 1 | 85.99 |
| Acer palmatum | Maple | Villa Taranto | A deciduous shrub or small tree that matures at 6 feet. Light green leaves with a red overtone on the new growth. Fall color is yellow. Foliage is 'Linearlobum' type leaf form. | 1 | 79.99 |
| Acer palmatum | Maple | Fireglow Red Japanese | The leaves emerge more dark red than purple in spring. If you are watching when the sun gets to the proper angle it looks like someone turned on an electrical switch and the tree was lit. Rather slow growing for an upright. Fall color is bright red. Height: 10-12 Feet Width: 6-8 Feet | 2 | 43.99 |
| Acer platanoides | Maple | Crimson King Norway | Height 40-50 feet, spread 35-45 feet. Dense, rounded form. Maroon foliage all summer. Yellow flowers. Moderate growth rate, producing dense shade. The most popular of all red-leafed Norways. Full sun. | 5 | 129.99 |
| Acer platanoides | Maple | Crimson Sentry Norway | Height 20-25 feet spread 15 feet. Narrow, compact, upright columnar variety. Dark purple leaves produce a dense wall when grouped together. Slow growing. Ideal for street plantings. | 1 | 98.99 |
| Acer platanoides | Maple | Deborah | Height 50-60 feet, spread 40-50 feet. New foliage is bright red, turning to a vivid dark green. Vigorous grower with a straight central leader. Evenly branched crown. Form is broadly oval to round | 1 | 149.99 |
| Acer platanoides | Maple | Royal Red | Height 30-40 feet, spread 30 feet. Dark maroon foliage retains color throughout the growing season. Full sun. | 6 | 189.99 |
| Acer rubrum | Maple | Autumn Spire | Broadly columnar form. Consistently beautiful red fall color. Height 50 feet spread 25-30 feet. | 3 | 119.99 |
| Acer rubrum | Maple | October Glory Red | Height 40-60 feet spread 25-45 feet. Dense, rounded form. Dark green, glossy foliage brilliant red in the fall. Colors change with weather conditions. Holds leaves for extended color. Female selection. | 11 | 124.99 |

|------------------------|---------------|---|--|--------|----------------|
| Acer saccharinum | Maple | Belle Tower Sugar | Summer foliage is fresh and bright green compared to other sugar maples that suffer in hot weather. Narrow oval tree. Stunning fall color that ranges from orange to yellow or a combination of both. Height: 45 feet. | 1 | 215.99 |
| Acer saccharinum | Maple | Commeration | Height 40-50 feet, spread 35 feet. Oval rounded. Spreading crown with dense vigorous growth. Resists leaf tatter. Colors two weeks earlier than seedlings. Simultaneous coloring includes pinks, reds and oranges. | 1 | 159.99 |
| Acer saccharinum | Maple | Sugar | Height 50-75', spread 50'. Upright, rounded tree with dark green foliage. Rich yellow to red fall color. The largest and finest of the native maples. Very hardy. Prefers rich, well-drained soil. | 9 | 124.99 |
| Acer palmatum | Maple | Jordan Full Moon | The spring display of lemon-yellow foliage will fade to yellow-green in the summer. Showy red samaras pushing up above the leaves add an interesting contrast to summer foliage. Red-orange leaves in the fall. Place 'Jordan' in well-drained soil that provides consistent moisture. Grows 6-12 inches a year. | 1 | 45.99 |
| Acer tataricum | Maple | Pattern Perfect | Colorful red stems. Thick green leaves and consistent red-orange fall color makes this a very useful tree for the yard. Persistent samaras occurring in June are a brilliant red. Handsome small tree. Average height 20 feet, spread 15-20 feet. | 2 | 139.99 |
| Aesculus x arnoldiana | Horsechestnut | Autumn Splendor | Height 35 feet, spread 25-30 feet. Flowers are yellow-red 6" spikes at the end of branches. Dark green, shiny leaves turn vivid maroon-red in fall. Prefers moist fertile soils. Very attractive ornament hybrid. | 5 | 189.99 |
| Aesculus x carnea | Horsechestnut | Briottii Red | Height 40-50 feet, spread 30 feet. Broad, rounded, dense shade tree. Dark rosy-red 10 inch flowers bloom late spring to early summer. Prefers deep, well-drained soils but widely adaptable to soil types. | 1 | 189.99 |
| Aesculus x carnea | Horsechestnut | Ft. McNair Red | Height 40-50 feet, spread 30 feet. Rounded, dense crown at maturity. Upright, dark pink panicles 6-8 inches; consistent bloomer in late spring. Foliage remains a dark green until dropping. | 3 | 189.99 |
| Almond | Almond | Hall's Hardy | Fragrant pink blossoms in early spring. Large crops, delicious almonds in late summer. Two trees give better crop or plant near Peach. Grows 15-20 feet tall. | 4 3 | 55.99 59.99 |
| Amelanchier Canadensis | Serviceberry | Shadblow | Outstanding pure white flower clusters on every twig bloom in early spring. A beautiful native tree. Grows to 40 feet. Songbirds like the purple berries that ripen in June. Gorgeous fall color. Does well in full sun or partial shade. | 10 | 59.99 |
| Apple/Semi-Dwarf | Apple | 4-N-1 (Jonagold, Braeburn, Gala, Fuji, Grannysmith) | | 4 | 89.99 |
| Apple/Semi-Dwarf | Apple | 4-N-1 (Lodi Melrose Wealthy Akane Winesap) | Clouds of pink & white fragrant blooms in the spring. Brilliant red & yellow fruit in the fall. Attractive deep green foliage all summer. On 1 tree, there are varieties best for eating, baking, cooking and sauces. | 2 | 65.99 |

Engle's Farm Greenhouses
Trees in Stock Listed by Botanical Name

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|------------------|-----------|----------------------|---|-----|-------|
| Apple/Semi-Dwarf | Apple | Cortland | Dark red striped apples with very white flesh. Crisp, tender, juicy flesh stays white after cutting. Good for salads, cider, and cooking. Consistent vigorous heavy producer. Pollinate with Red McIntosh, Delicious, or Red Jonathan. Winter hardy. Early to mid-season bloomer. | 3 | 64.99 |
| Apple/Semi-Dwarf | Apple | Double Red Delicious | Very dark red skin. Same taste and texture as Red Delicious. Very popular eating apple. Flesh is white, aromatic and sweet with a bit of crunchy texture. Keeps very well. Requires pollinizer, suggests Yellow Delicious. Mid to late season bloom period. | 4 | 55.99 |
| Apple/Semi-Dwarf | Apple | Fuji | Reddish green fruit with flavorful, crunchy, juicy white flesh. Excellent storage life. Ripens late October. Requires pollinizer, suggest Gala Semi-Dwarf Apple | 1 | 45.99 |
| Apple/Semi-Dwarf | Apple | Honeycrisp | Vigorous, very hardy, slightly spreading tree produces sweetly tart, juicy crisp fruit – Sept thru Oct. This apple is said to have the best crunch and is one of the best keepers. Good pollinizer. Suggest Red Delicious or Snowdrift Crabapple as pollinizer. | 3 | 78.99 |
| Apple/Semi-dwarf | Apple | Ida Red | Nearly solid red apple with white, crisp, fine-grained, aromatic flesh. An all-purpose apple with a balanced, tangy flavor and good crisp texture. Blooms early, but ripens mid-October. Excellent keeper, improves in storage. | 1 | 54.99 |
| Apple/Semi-Dwarf | Apple | Jonafree | A carefree Jonathan apple tree. This vigorous variety is disease-resistant to apple scab and less susceptible to diseases, like mildew, rust, and blight, than other Jonathans. Bears heavy crops of fruit with low-acid Jonathan flavor. Ripens in mid September. | 1 | 39.99 |
| Apple/Semi-Dwarf | Apple | Jonagold | Jonagold Semi-Dwarf Apple [Kel15] \$55.99 [Kel15] A crispy, juicy with yellowish flesh that has a honey-tart flavor. Jonagolds make excellent eating apples, and are good for sauce, pies and salads. Requires pollinator suggest Golden Delicious. Cannot pollinate other apples. Ripens early Nov. | 3 | 55.99 |
| Apple/Semi-Dwarf | Apple | Jonagold EZ Pick | A crispy, juicy with yellowish flesh that has a honey-tart flavor. Jonagolds make excellent eating apples, and are good for sauce, pies and salads. Requires pollinator suggest Golden Delicious. Cannot pollinate other apples. Ripens early November. | 5 | 55.99 |
| Apple/Semi-Dwarf | Apple | Macoun | Macoun apples are an apple that is extra sweet, aromatic, juicy with a hint of crunch. Flesh is white, firm, and juicy. Mid season bloom period. Pollinates early to late blooming varieties. | 2 | 45.99 |
| Apple/Semi-Dwarf | Apple | McIntosh | | 1 | 55.99 |

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|------------------|-----------|---------------------|--|-------------|-------------------------|
| Apple/Semi-Dwarf | Apple | Mutsu | Complex and spicy flavor. This tree is the result of a cross between the Golden Delicious and the sweet Japanese variety apple called Indo. Also known by the name Crispin Apple, the fruit is larger and rounder than Golden Delicious. Resists russeting and is best eaten fresh from the tree. Keeps well in proper storage without shriveling. Cold hardy. Ripens in late September or early October. Best pollinators: any Golden Delicious | 5 | 59.99 |
| Apple/Semi-Dwarf | Apple | Northern Spy | Large yellowish apple with light red striping. Cream colored flesh with juicy, crisp, rich, aromatic flavor. Excellent, eating & cooking. Tree is large with an upright habit. Requires pollinizer, suggest Yellow Delicious. | 5 | 55.99 |
| Apple/Semi-Dwarf | Apple | Pink Lady EZ Pick | An ideal dessert apple. This tree bears medium-size fruit with rich yellow skin blushed with pink. Apples have a unique flavor — the first bite is tart, followed by delicious sweetness. Ripens in late October. Best pollinators: Granny Smith, Red Delicious. | 2 | 59.99 |
| Apple/Semi-Dwarf | Apple | Red Delicious | Beautiful red dessert apple. Ripens in late September. Flavor rich & sweet. Flesh is light yellow & crisp. Requires pollinizer, suggests Yellow Delicious. Mid to late season bloom period. | 1 | 49.99 |
| Apple/Semi-Dwarf | Apple | Red Jonathan | Deep red strain of Jonathan. Flesh is white, juicy, spicy and tangy. Excellent for eating, cider, and keeps well. Requires pollinizer, suggest Yellow Delicious. Mid-season bloomer. | 2 | 49.99 |
| Apple/Semi-Dwarf | Apple | Starkspur McIntosh | Moderately large fruit with an appetizing apple aroma. Tree is a vigorous grower and a precocious bearer. Fruit is vibrant-red, thin, and peels easily and flesh is tender with a sprightly sweet-tart taste. Wonderful apple for fresh-eating, sauces, and cider. Good keeper in proper storage. Cold-hardy. Ripens in August. Best pollinator: Cortland. | 6 | 78.99 |
| Apple/Semi-Dwarf | Apple | Stayman Red Winesap | Medium to large dark red apple with at green-yellow skin. One of the crispest winter apples. Moderately tart, wine-like flavor. Excellent eating & cooking. Ripens mid-October. Requires pollination suggest Golden Delicious, Granny Smith & Rome. | 1 1 5 | 45.99 55.99 64.99 |
| Apple/Semi-Dwarf | Apple | Wolf River | Old Reliable Variety. Hardy productive tree bearing large fruit (one pound or more). Use for baking, sauce or drying. Ripens mid September – Early October. Best pollinators: Golden Delicious, Honeycrisp. | 3 | 45.99 |
| Apple/Semi-Dwarf | Apple | Yellow Delicious | Golden yellow skin. Ripens late September. A world wide favorite all purpose apple. Sweet, full flavored, outstanding dessert qualities. Self fertile. Good pollinator. Mid to late blooming variety. | 6 1 | 64.99 49.99 |

| Apricot/Semi-Dwarf | Apricot | Moorpark | Fruit is large with an orange base with a deep blush, sometimes overlaid with dots of brown and red. Flesh is bright orange and has an excellent flavor. Ripening is uneven, necessitating several pickings. Self fertile, but fruit set is increased by planting two or more. Fruit ripens late June. | 3 | 49.99 |
| Asimina triloba | Paw Paw | Paw Paw | Tastes like a banana! Eat in hand as fresh fruit or use for desserts. Pest free. Likes neutral soil. Plant two varieties for proper pollination. Fruit ripens in late September. | 5 | 54.99 |
| Betula nigra | Birch | Heritage (River Birch) | Height 40-50 feet, spread 20 feet. Pyramidal to broad oval form with age. Yellow fall color. Creamy white bark that exfoliates. Moist or dry soils. Requires a fairly acid pH. Rapid growth once established. | 1 | 129.99 |
| Betula nigra | Birch | River (Clump form) | Adaptable, fast growing and heat tolerant with layers of brown, salmon, peach, orange and lavender colors throughout the bark. Resistant to birch borer. Mature height 40-50 feet. | 5 | 98.99 |
| Betula populifolia | Birch | Whitespire Clump form | Height 30-35 feet, spread 15-20 feet. Narrow, pyramidal form. Very attractive tree with bark that turns white as tree matures. Glossy dark green leaves turn yellow in fall. Does well in poor soils. Resistant to birch borer. Full sun. | 2 2 | 98.99 85.99 |
| Caragana arborescens | Peashrub | Pendula Weeping Siberian | Height 8-10 feet, spread 6-8 feet. Extremely cold hardy interesting ornamental. Top grafted weeper. Light green leaves. Bright yellow flowers mid-May on previous year's wood. Adapts to containers and small spaces. Tolerates dry alkaline soils. | 1 | 129.99 |
| Caragana arborescens | Peashrub | Walkerii (Fern leaf) | Height 8-10 feet, spread 6-8 feet. Top grafted pendulous weeper. Foliage is very fine and deeply cut, giving it a ferny appearance. Light green in color. Abundant yellow pea-like flowers. Tolerates dry soils. | 5 | 129.99 |
| Carpinus betulus | Hornbeam | Frans Fontaine | European selection that is more columnar than other varieties. Does not tend to broaden at the base with age. Good for narrow areas and screening. Height 30 feet, spread 10 feet. | 4 | 119.99 |
| Carpinus caroliniana | Hornbeam | American | Height 25-30 feet, spread 20 feet. Dense, rounded form with smooth sinuous bluish-gray bark. Slow grower. Branches are spreading and arching at the tips. Yellow-orange fall color. An excellent tree for small areas. Will grow in shade and wet areas. Native tree. | 8 | 129.99 |
| Carpinus coreana | Hornbeam | Korean | The best bonsai choice among the hornbeams because of its tiny leaves and tight internodes. Leaves often develop an almost geometric pattern of autumn colors. Strong drought resistant root system. Excellent ornamental features. | 15 | 119.99 |
| Carpinus japonica | Hornbeam | Japanese | Height 20-30 feet, spread 25 feet. Small tree grown for its attractive foliage. Leaves are serrated, strongly veined and deep green. Branches form a distinctive fanlike pattern. Prominent fruit bracts and good red fall color. Interesting gray fluted bark. | 6 | 119.99 |

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|-------------------------------------|-----------|---|--|--------------|---------------------------|
| Cercis canadensis | Redbud | Floating Clouds | A small, deciduous tree with the trunk divided close to the ground forming a graceful, rounded canopy. Clusters of light pinkish-lavender blooms in spring are followed by heart-shaped, variegated foliage that is speckled with white, dark and light green. Fall foliage is pale yellow. Height: 20 feet. | 1 | 198.99 |
| Cercis canadensis | Redbud | Forest Pansy | Brilliant scarlet-red new foliage matures to deep maroon heart-shaped leaves. Small, pea-like clusters of purple red flowers in May and June. Foliage fades to purple-green in summer. Full sun to part shade. Height 20-25 feet. | 23 1 4 | 75.99 135.99 119.99 |
| Cercis canadensis | Redbud | Weeping Lavender Twist | Unique twisting trunk. Beautiful lavender flowers in the spring. Reddish purple heart-shaped leaves. In the summer, the leaves turn a dark green. Nice yellow fall color. Small accent tree that will mature to 8-10 feet wide. | 2 | 119.99 |
| Chamacyparis nootkatensis | Cedar | Green Arrow Alaskan | Green Arrow Alaskan Cedar is a stunning accent plant! It has a strong central leader with very pendulous branches making it a living green exclamation point! Excellent selection for an upright statement. Height: 10 feet, Width: 3 feet. | | |
| Chamacyparis nootkatensis pendula | Cedar | Weeping Alaskan | Soft, pendulous blue-green foliage reaching 30–40 feet tall. Conical crown with numerous drooping branches to the ground. | 5 | 79.99 |
| Chamaecyparis nootkatensis 'Glauca' | Cedar | Blue Alaskan | Fine textured, blue-green foliage droops from wide sweeping branches. In youth, branches ascend; with age, they open horizontally achieving the upright, pyramidal form. Excellent choice for a single specimen or large hedge. Full sun. Average mature height: 10-15 feet. | 1 | 79.99 |
| Cherry/Semi-Dwarf | Cherry | 4-N-1 (Bing, Stella, Montmorency & Van) | Clouds of cherry blossoms in spring followed by baskets of rich, juicy sugar-sweet cherries. Plant them anywhere for delightful ornamental effects. Pick cherries for eating, baking, sauces and cooking. | 3 | 89.99 |
| Cherry/Semi-Dwarf | Cherry | Bing EZ Pick | Burgundy red skin and flesh. Flesh is large, firm, juicy and sweet. Excellent for eating and canning. Large fruit. Requires pollinizer, suggest Rainier or Black Tartarian. Ripens mid-season. | 1 | 59.99 |
| Cherry/Semi-Dwarf | Cherry | Black Tartarian | Bright purplish-black, sweet, juicy, medium-sized fruit. Vigorous, heavy bearer. Requires any sweet, early cherry pollinizer such as Bing or Lapin. Excellent as a pollinizer. Ripens mid-June. | 3 | 65.99 |
| Cherry/Semi-Dwarf | Cherry | Black Tartarian EZ Pick | Bright purplish-black, sweet, juicy, medium-sized fruit. Vigorous, heavy bearer. Requires any sweet, early cherry pollinizer such as Bing or Lapin. Excellent as a pollinizer. Ripens mid-June. | 1 | 59.99 |

|---------------------|-------------|-------------------|---|--------|----------------|
| Cherry/Semi-Dwarf | Cherry | Lapins Sweet | A big, beautiful dark mahogany red cherry. One of the largest and juiciest cherries. Good for baking and cooking. Split resistant, self-fertile. Lapins resists late frosts and is an exceptionally heavy producer. Ripens mid-July. Excellent pollinizer. | 2 | 65.99 |
| Cherry/Semi-Dwarf | Cherry | Mighty Midget | SELF-FRUITFUL. Best sweet cherry available. Heavy producer of rich flavored, dark, purple-red fruit. Larger than Bing variety. Crack resistant and ripens in mid to late July. GROWS ONLY 7-9 Ft. tall with proper pruning. Excellent for small space or for container growing. Covers itself with lovely cherry blossoms in the spring. Does well in any soil, plant 8' apart. Needs no pollinator! | 1 | 49.99 |
| Cherry/Semi-Dwarf | Cherry | Montmorency Sour | Bright red, yellow flesh. Ripens mid to late July. Excellent tart pie cherry. Freezes well. Productive and hardy. Good branching habit. Self fertile. | 2 | 55.99 |
| Cherry/Semi-Dwarf | Cherry | North Star Sour | Red skin with red flesh. Hardy dwarf tree, grows to 10' tall. Bears heavily. Resists brown rot. A meaty tart pie cherry. Ripens early July. Self-fertile. | 4 | 55.99 |
| Cherry/Semi-Dwarf | Cherry | Royal Ann EZ Pick | Long-time favorite yellow sweet cherry for eating fresh or canning. Large. Cream with red blush. Sweet, firm. A favorite for eating, canning and preserves. Ripens early to mid season. Pollinizer required –suggest Black Tartarian (not Bing). | 5 | 59.99 |
| Cherry/Semi-Dwarf | Cherry | Stella Sweet | Black skin and flesh. Similar to Lambert but ripens earlier in July. Sweet juicy and moderately firm. Large sized fruit. Vigorous grower. Self-fertile. Good pollinizer. | 1 4 | 65.99 58.99 |
| Cherry/Shrub | Cherry | Carmine Jewel | Large, gorgeous purplish-red fruit with a luscious balance of high sugars and a complement of acids, creating a rich flavor. Fruit has high flesh-to-pit ratio and is excellent for use in pies, preserves, juice, dried fruit and eating fresh. This variety has a dark red flesh packed with healthy anthocyanin, a powerful antioxidant. Your pies will have a deep red filling. Self-pollinating. 6½ feet tall x 6 feet wide. | 1 | 37.99 |
| Chestnut | Chestnut | Chinese | Medium-sized tree with dark, glossy leaves. A nut tree and a shade tree. Sweet-flavored nuts. Prefers acid, well-drained loamy soil. Blight resistant. Grows 40-60 feet, spread 50 feet.. (Plant two trees for pollination) | 19 | 38.99 |
| Chionanthus | Fringe Tree | White | Upright branches from a dome shape. Soft green leaves back large, loose clusters of lightly fragrant, white fringe-like blooms. A terrific accent for the landscape. Deciduous. Plant in full sun. Mature height: 20-25 feet, width: 25 feet. | 1 | 99.99 |
| Cladrastis kentukea | Yellowwood | Perkins Pink | Height 30-35 feet, spread 20 feet. The fragrant, long drooping, wisteria-like panicle appear in early June. Pink blooms. Smooth grey bark. Yellow fall color. Prefers well-drained soils. | 5 | 149.99 |
| Cornus florida | Dogwood | Cherokee Chief | Large dark pink to red flowers, branches heavy and stays very compact. Medium strong grower. Grows 8-10 feet in 10 years. | 5 | 65.99 |

Engle's Farm Greenhouses

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|-----------------------|---------------|----------------------------|--|---------|-----------------|
| Cornus florida | Dogwood | Cherokee Princess | An early flowering tree, consistently produces a heavy display of large white flowers. The foliage turns brilliant red in autumn. Red fruit. Height 25-30 feet. | 2 | 65.99 |
| Corylus americana | Filbert (Nut) | Hazelnut Tree | American Filbert. Small tree with sweet, easy to open nuts. Long-lasting looks to your landscape and the nutritious nuts are excellent for fresh eating and baking. Fiery bronze or crimson leaves in the fall. Needs a pollinator - plant 2. | 4 | 38.99 |
| Cotinus coggygria | Smoketree | Golden Spirit | Height 8 feet, spread 6 feet. Brilliant, rich colors that vary from lime greens in spring to golds and reds in fall. Grows best in well-drained soils. Its growth habit is broad upright and dense. A rapid grower. Full or partial sun. | 2 | 89.99 |
| Cotinus coggygria | Smoketree | Grace | Leaves are pale red when young, darkening to blue-green with age turning red, orange and yellow in the fall. | 6 | 119.99 |
| Cotinus coggygria | Smoketree | Nordine | Height & spread 10-15 feet. Upright spreading plant. Red leaf color that holds through the summer. Persistent ruby-red flowers. Orange-red fall color. | 1 | 119.99 |
| Crataegus laevigata | Hawthorn | Crimson Cloud | Height 15-20 feet, spread 12-18 feet. Large, bright red flowers. Blight resistant foliage. Glossy red fruits, persisting into the winter. Upright grower. Thornless. Attractive to birds. | 4 | 119.99 |
| Crataegus phaenopyrum | Hawthorn | Washington Lustre | Height & Spread 20-25 feet. Rounded upright form. Fall color orange to scarlet. White flower clusters appear in May. Small 1/4" glossy red fruit clusters persist all winter. Resistant to fireblight. Very adaptable. Thorns are 1/2" long and abundant. Full sun. | 7 | 129.99 |
| Crataegus viridis | Hawthorn | Winter King | Height 20-30 feet, spread 20 feet. Rounded habit, glossy foliage, resistant to cedar-apple rust. Few thorns. White flowers in clusters. Large 3/8" orange-red fruit bears annually and heavily. Silver bark. Good street tree. Tolerates heavy pruning. | 9 | 119.99 |
| Cupressus Arizona | Cypress | Arizona Blue Ice | A conical conifer that has, aromatic, blue-gray leaves/needles that are flecked with white resin. It develops globular cones which are chocolate brown. Prefers full sun. Makes a wonderful medium to large specimen tree. Has beautiful silvery blue color all year round. Height: 30-50 feet, spread 15-20 feet. | 1 10 | 114.99 58.99 |
| Diospyros kaki | Persimmon | Fuyu (Jiro) | Lustrous dark green leaves. Tangy golden fruit with reddish cheeks. Ripens in early fall. Grows 25-30 feet. Drought tolerant. Full sun. Hardy attractive tree, free of pests and diseases. Self-fruitful. | 5 | 119.99 |
| Fagus sylvatica | Beech | Purple Fountain Weeping | Round purple leaves drench the cascading branches of this fine specimen tree. An upright form with a defined leader gives this tree an extreme columnar shape. Deciduous. Matures at 15-20 feet high by 10-15 feet wide. | 2 | 195.99 |
| Fagus sylvatica | Beech | Fern Leafed Green European | Spreading, deciduous tree with slender leaves deeply cut into narrow lobed silky-haired and pale green at first, turning glossy dark green. Fall color is yellow to orange-brown. Matures at 80 feet high by 50 feet wide. | 2 | 149.99 |

|-------------------------|--------------------|----------------------------|--|--------|----------------|
| Ficus carica | Fig | Brown Turkey | Fast growing tree bears large, brownish-maroon fruit with sweet flavor. Can bear 2 crops per season. Excellent table fruit. Self-pollinating and everbearing. | 3 6 | 89.99 24.99 |
| Ginkgo biloba | Maidenhair Tree | Magyar | Height 50-60 feet, spread 25-30 feet. Narrow pyramidal form. Strong central leader produces well spaced branching without special pruning. Disease and pest free. Brilliant gold color. Grafted male. Tolerant of urban conditions. | 2 | 129.99 |
| Ginkgo biloba | Maidenhair Tree | Princeton Sentry | Height 60-70 feet, spread 20-30 feet. Upright, columnar form. Pest and disease free. Slow grower. Golden fall color. | 1 | 129.95 |
| Ginkgo biloba | Maidenhair Tree | Princeton Sentry Multistem | | 2 | 149.95 |
| Gleditsia triacanthos | Locust | Shademaster | Height 50-75 feet, spread 25-50 feet. Full sun to partial shade. Excellent street and lawn tree because it is thornless and seedless. The dark green foliage turns yellow for great fall color. Fast growing tree with strong, straight trunk. The leaves are fine textured, medium green in color and seldom need raking because of their fine texture. Full sun. | 2 | 139.99 |
| Gleditsia triacanthos | Locust | Sunburst | Height 30-40 feet, spread 20-25 feet. Broad, pyramidal form. Symmetrical head. Medium growth rate. Golden foliage during spring and early summer changing to lime-green. Heavy pruning maintains new golden leaves. Yellow fall color. Seedless and thornless. Full sun. | 5 | 105.99 |
| Gymnocladus dioicus | Coffeetree | Kentucky | Height 40-50 feet., spread 20-25 feet Narrow young growth, broadens with age. New foliage is pinkish-tinged turning dark bluish in summer. One of the latest in spring to leaf out. Fragrant white flower panicles. Reddish-pink seed pods. Full sun. | 6 | 189.99 |
| Hamamelis x intermedia | Witchhazel | Jelena | Height 15-20 feet spread 20 feet. Beautiful shrub becoming wide spreading with age. Copper colored flowers that grow like copper from a distance. Rich, orange-red fall color. Also known as Copper Beauty. | 1 | 129.99 |
| Juglans nigra | Black Walnut (Nut) | Black Gem | Huge crops of light-colored, high-quality black walnuts. Nuts are thin-husked, crack in large segments and offer a superior nutmeat-to-shell ration. Delicious light flavor. A great cooking nut! | 2 | 49.99 |
| Juglans regia | English Walnut | Carpathian | Height & spread 30-40 feet. Large, extremely hardy vigorous tree. Self-fertile but suggest planting two trees for best results. Produces large, thin shelled, mild nuts that ripen mid-fall. Beautiful lawn tree. | 1 4 | 45.99 42.99 |
| Juniperus x pfitzeriana | Juniper | Golden Joy | Golden Joy's yellow is brighter than other golden junipers and it maintains the brilliant color throughout the year. It is easy to grow and has a classic spreading and compact form. It will stay beautiful and maintain a manageable size for years. Grows 3-6 inches a year. | 6 | 34.99 |
| Koeleruteria paniculata | Goldenrain | Golden Candle | Height 35 feet, spread 4 feet. A very narrow tree perfect for tight spaces. Large bright gold flowers with green leaves in summer. Foliage is brilliant gold in the fall. Performs well in most soils. Will tolerate heat and drought. | 5 | 149.99 |

|-------------------------|--------------|--------------------|---|--------|-----------------|
| Koeleruteria paniculata | Goldenrain | Goldenrain Tree | Height 30-40 feet, spread 20-25 feet. Dense smaller tree with rounded form. Summer blooming showy, fragrant, yellow flower panicles turn to attractive, reddish-pink, leathery fruit capsules. Excellent as a small lawn tree. Very adaptable to soil extremes. Drought tolerant. | 1 5 | 119.99 89.99 |
| Laburnum x watereri | Goldenchain | Vossi | Height 12-15 feet, spread 10-12 feet. A superior clone selected for its dense habit, small size and unique 2 foot long, yellow pea-shaped flower clusters. Bright green foliage. Poisonous seeds. | 4 | 93.99 |
| Liquidambar styraciflua | Sweetgum | Slender Silhouette | Very upright form. A good fast grower. Fall color is yellow with burgundy tinges. Good for use as a hedge or border planting. Because of its minimal seeds this variety is not a problem in the landscape. Height 60 feet, spread 6-8 feet. | 2 | 119.99 |
| Liquidambar styraciflua | Sweetgum | Variegata | This deciduous tree has all of the great characteristics of the species but also has nicely marbled butter-yellow and green leaves. Fall leaves turn shades of gold, orange, and red. Great choice for the small landscape. 10 Year Average: 12 feet. | 1 | 58.99 |
| Liquidambar styraciflua | Sweetgum | Worplesdon | Height 40 feet, spread 25 feet. This cultivar is said to be cold tolerant to -29°F. Pyramidal to oval form. Unique, narrow, deeply lobed leaves are light, glossy green and have consistent apricot orange to purple fall color. Excellent lawn or street tree. | 3 | 89.99 |
| Liriodendron tulipifera | Tuliptree | Tuliptree | Height 60-80 feet, spread 30-40 feet. Spreading, rising branches, forming tall pyramidal crown. Large, magnificent tree when fully developed; not good for small residential property or streets. Greenish-yellow flowers appear in May. Large green leaves change to golden yellow in fall. | 3 | 88.99 |
| Maackia amurensis | Amur Maackia | Amur Maackia | Height and spread 20-30 feet. Interesting amber or copper colored exfoliating bark is shiny and varnished looking. Dull white flowers with a grassy fragrance appear in early summer. Plant in sun with loose, well-drained soil. Adaptable to difficult sites. Nice small tree for residences. | 6 | 229.99 |
| Magnolia | Magnolia | Galaxy Tree | Pyramidal shape with dark red-purple buds opening to lighter shade of red-purple fragrant flowers. Green foliage turns yellow in October. Full sun. Height 26 feet, spread 16 feet. | 3 | 99.99 |
| Magnolia | Magnolia | Jane | Large pinkish-purple flowers with bright white accent on the inside. Does well in any soil. Grows 10-15 feet tall. | 1 7 | 98.99 68.99 |
| Magnolia liliiflora | Magnolia | Ann | Reddish purple flowers before leaves. Blooms sporadically throughout the summer. Prefers moist, well-drained, humus-rich acidic soil. Height 8-10 feet. Blooms in mid-spring. | 1 | 98.99 |

|------------------------------|-----------------------------|-------------------------|--|-----|--------|
| Magnolia stellata | Magnolia | Royal Star | Early bloomer with large, fragrant, star white flowers appearing before the foliage emerges in spring. True dwarf. Height: 15-20 feet. | 1 | 198.99 |
| | | | | 2 | 78.99 |
| | | | | 5 | 48.99 |
| Malus | Flowering Crabapple | April Showers | Height 8-10 feet & Spread 4-6 feet. Weeping habit with light pink to white blooms that appear in spring and bright red crabapples that appear in the fall. Narrow, dark green foliage covers the delicate weeping limbs once the flowers fall. Prefers full sun and adapts to most conditions. Attracts birds. | 2 | 139.99 |
| Malus | Flowering Crabapple | Candy mint Sargent | Height 8-10 feet, spread 15-18 feet. Horizontal form. Profuse blooms, deep carmine in bud opening to single pink outlined in red. Purplish green cast foliage. Deep purple fruit. Cherry-like, reddish-brown bark. Scab Resistant. | 1 | 79.99 |
| Malus | Flowering Crabapple | Cardinal | Height & Spread 15-20 feet. Horizontal spreading form. Flowers are bright red pink. Dark red glossy foliage highly resistant to scab and mildew. Deep red 1/2" fruit in the fall. Fruit is not abundant. | 1 | 98.99 |
| Metasequoia glyptostroboides | Redwood | Dawn | Height 70-100 feet, spread 25 feet. Deciduous, fast-growing, pyramidal conifer. Bright green needles turn yellow to golden red in the fall. Straight trunk. Fissured, brown bark. Prefers moist, deep well-drained soil but will tolerate most types. No pest or disease problems. Full sun. | 14 | 68.99 |
| Morus alba | Mulberry | Chaparral White Weeping | Height & spread 15-20 feet. Moderate growth rate. Twisted, slender weeping branches make this tree a novelty. Dark green leaves turn yellow in fall. Fruitless. Can withstand dry, salty, alkaline conditions. Small to medium size tree. | 3 | 119.99 |
| Morus alba | Weeping Mulberry (Fruiting) | Teas | Slender weeping branches, bear blackberry-like fruit in summer months. Flavorful fruit attractive to birds. Very hardy and drought tolerant. Height to 12 feet, spread to 16 feet. | 2 | 88.99 |
| Nectarine | Nectarine | Fantasia EZ Pick | Very large fruit. Freestone. Bright red with bright yellow under-color. Flesh is yellow, firm, smooth textured, sweet juicy and good quality. Attractive spring blooms. Frost tolerant once established. Vigorous and productive. Self-fertile. Ripens mid-August to early September. | 4 | 58.99 |
| Nectarine | Nectarine | Red Gold | Crack and disease resistant, glossy deep-red skin and firm, slow-softening yellow flesh. One of the longest storage and shelf lives of any nectarine or peach. High yielding tree produces uniformly large-size fruits. Self-fruitful. Ripens mid August. | 4 | 49.99 |
| Nyssa sylvatica | Black Gum | Black Gum | One of the most attractive native trees around. Summer leaves are a dark green with a high-gloss appearance. Spectacular fall foliage with many shades of yellow, orange, bright red, purple or scarlet that may appear on the same branch. Fruit is bluish-black and is loved by many birds. Grows 30'-50' high, with a 20'-30' spread. Plant in full to partial sun. | 1 | 195.99 |

| Ostrya virginiana | Hophornbeam | American | Height 25-40 feet, spread 20-30 feet. Small to medium sized tree. Hop-like fruit. Pyramidal when young, becoming more rounded when mature. Good tree for lawns, parks, golf courses, naturalized areas and rural streets. Tolerates dry, acidic and alkaline soils. Yellow fall color. | 7 | 119.99 |
| Parrotia persica | Parrotia | Persian | Height 20-40 ft, spread 20 ft. Upright, oval, single-stemmed tree. Attractive mottled gray and white exfoliating bark. Dark green leaves turn from brilliant orange to scarlet. Resistant to disease and insects. Tolerates drought, heat, cold and wind. Full or partial sun. Prefers well drained, acidic soil. | 3 | 95.99 |
| Peach/Semi-Dwarf | Peach | Belle of Georgia | One of the oldest varieties. Large white peach with a red blush over a creamy white background. Flesh is firm and juicy with an excellent aromatic flavor and quality. Trees are very vigorous, hardy and productive. Fruit drops when ripe. Self-fruitful. Ripens Early Sept. | 1 | 45.99 |
| Peach/Semi-Dwarf | Peach | Elberta | World's favorite peach. Hardy, disease resistant trees, large golden yellow, freestone peaches with tender and juicy flesh. Ripens late September. Self-pollinating. | 2 5 | 58.99 65.99 |
| Peach/Semi-dwarf | Peach | Golden Jubilee | High quality, early peach. Large fruit. Attractive yellow skin with red cheek; freestone. Good quality, hardy tree. Ripens mid-August. Self-pollinating. | 5 | 65.99 |
| Peach/Semi-dwarf | Peach | Loring EZ Pick | Excellent flavor and high quality. Bright red blush over yellow background. Flesh is firm, juicy, and sweet. Excellent for canning, shipping and freezing. Showy spring blooms. Tree is vigorous and productive. Ripens mid-late August. Self fruitful. | 4 | 59.99 |
| Peach/Semi-Dwarf | Peach | Redhaven | The standard of all early peaches. The color on this medium sized round peach is red over golden yellow. Flesh is firm, very juicy, very sweet and freestone. Highly versatile. Winter hardy. Self-fertile Fruit Ripening Time: Mid August | 1 | 65.99 |
| Pear/Semi-Dwarf | Pear | 4-N-1 (Bartlett, Bosc, D'Angou, Seckel, Comice) | Lovely, small ornamentals that bear luscious fruit. Pick 4 different kinds of pears from one amazing self-pollinating tree. Pears for eating, sauces, cooking and baking. | 5 | 89.99 |
| Pear/Semi-Dwarf | Pear | Bartlett | Large, heavy bearing variety with excellent quality. Long considered one of the choicest canning varieties. Fruit ripens late August. Tree is vigorous and very productive. Suggest Anjou or Bosc as pollinizer. | 1 | 45.99 |
| | | | | 5 | 55.99 |
| | | | | 4 | 78.99 |
| | | | 8 | 65.99 | |
| Pear/Semi-Dwarf | Pear | Bosc | Dark yellow with brownish russeted golden skin. Flesh is firm. Medium to large fruit. Excellent dessert quality. Very productive, upright growing habit. Ripens late September to early October. Requires pollinizer, suggest Bartlett. | 1 6 | 45.99 65.99 |
| Pear/Semi-dwarf | Pear | Duchess | Plant this beautiful tree in well drained soil, and you'll reap big harvests of beautiful, sweet, juicy pears in late September/early October. Fruit is greenish-yellow with a pink cast, and is excellent for fresh eating and canning. | 2 | 43.99 |

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|-----------------|-----------|--|--|--------|----------------|
| Pear/Semi-dwarf | Pear | Flemish Beauty | The large, rounded fruits have creamy-yellow skin blushed red along with firm, creamy-white flesh that becomes meltingly tender, sweet and aromatic. Hardy and highly productive. Fruit ripens from mid-September to early October. Full sun. Requires pollination, suggest Bosc, D'Anjou. | 1 | 48.99 |
| Pear/Semi-Dwarf | Pear | Hosui-Asian | Low growing Asian variety. Matures in Mid-September. Large fruit russet orange with crisp texture. Mildly sweet and of good quality. Self pollinating. | 1 | 54.99 |
| Pear/Semi-Dwarf | Pear | Max Red Bartlett | All the flavor of Bartlett with exceptional sweetness. Bright-red skin makes a dramatic addition to salads and other recipes. Tree grows rapidly and bears early. Sport of Bartlett. Cold-hardy. Ripens in August. Suggest Anjou or Bosc as pollinizer. | 4 | 55.99 |
| Pear/Semi-Dwarf | Pear | Red Bartlett | A deep red sport of the Bartlett variety and of comparable quality to Bartlett. Moderately vigorous tree. Large fruit, highly flavored and juicy. Excellent for canning, eating, and dessert. Ripens late August. | 4 | 58.99 |
| Pear/Semi-Dwarf | Pear | Seckel | Small, yellowish-brown russeted pear with an excellent flavor and creamy white firm flesh. Skin takes on a light red blush when ready to harvest. Productive tree, easy to grow. Good for preserving. Ripens in Sept. Suggest Bosc, Clapps or D'Anjou pollinizer. | 2 4 | 48.99 55.99 |
| Pear/Semi-Dwarf | Pear | Twentieth Century Oriental Japanese Sand | Yellow skin, white flesh, sweet, mild and juicy fruit. Best when tree ripened. Stores well. Ripens mid-season. Partly self-fertile, suggest Bartlett as a pollinizer. | 6 | 54.99 |
| Picea abies | Spruce | Cobra Weeping Norway | Wildly unique character that combines the ground-covering qualities with the bizarre, snake-like branching. When staked, trees have a relatively tall, straight, sparsely branched main trunk and a thick, ground-hugging skirt that radiates outward with dancing, cobra-like leaders. Best in full sun. Grows 12-15 inches a year. | 2 | 78.99 |
| Picea abies | Spruce | Cupressina Norway | A columnar variety of Norway Spruce. Bright green needles. An excellent vertical accent plant. Grows quickly and withstands snow loads better than other fastigiate types. | 2 | 245.99 |
| Picea abies | Spruce | Fat Cat Norway | A dense, rounded form of the bird's-nest-type Norway Spruce, this uniformly globose selection is a blown up version of 'Little Gem.' It has very short, stiff needles and short shoots that give it the appearance of a rotund, green cat, curled up in a ball for a snooze. Grows 3-5 inches a year. | 3 1 | 24.99 59.99 |
| Picea abies | Spruce | Frohburg Weeping Norway | This narrower form of Weeping Norway Spruce offers a strictly pendulous habit with a full, spreading skirt and a slower growth rate. A finer texture is the result of shorter, slender, medium green needles. Use this choice selection for landscapes with limited space. | 1 5 | 85.99 36.99 |

|----------------|-----------|---------------------------|--|-----|--------|
| Picea abies | Spruce | Pusch Dwarf Norway | Small, slow-growing, produces loads of bright red cones on many short shoots in spring. The tiny cones brown as they age, but continue to decorate the irregular, dwarf variety year-round. Globose when young, the small spruce develops an upright broad shape with maturity. It is extremely hardy and grows well in full sun or part shade. Grows 3-5 inches a year. | 2 | 78.99 |
| | | | | 2 | 45.99 |
| Picea abies | Spruce | Wills Zwerb | This one is a densely conical, upright tree that is a semi-dwarf or intermediate in growth habit. The new foliage is a nice light green getting darker with age. Height: 9 feet. | 3 | 69.99 |
| Picea abies | Spruce | Weeping Norway | Deep green short needles. Distinct weeping branches. True cascading form. Matures at a trained height. Tolerates many soil conditions. Plant in full sun to partial shade. | 1 | 195.99 |
| Picea glauca | Spruce | Weeping White | This stately evergreen has nice blue-green foliage that hugs the trunk, sweeping downward to create a fantastic impression; prefers sun or light shade and rich moist soil but is adaptable; the perfect accent tree for defining lawn areas or walkways. Grows 6-12 inches a year. | 1 | 45.99 |
| | | | | 1 | 95.99 |
| | | | | 3 | 169.99 |
| Picea glauca | Spruce | White | This spruce thrives in full sun and well drained, moist soil. This tree can endure heat and drought better than others. Extremely hardy. Height up to 50 feet. | 1 | 24.99 |
| Picea omorika | Spruce | Berliner's Weeper Serbian | An excellent weeping cultivar of the Serbian Spruce has a much more pronounced weeping effect than most of the varieties currently available in the trade. Good bluish-green color. Prefers full sun in well-drained soil. 7 feet tall x 2½ feet wide in 10 years | 1 | 154.99 |
| | | | | 2 | 75.99 |
| Picea omorika | Spruce | Gotelli Weeping Serbian | Its open form matures into a neat, narrow spire with gracefully pendant branches and strictly weeping branchlets. It shares the lovely two-tone appearance with the species, and it tolerates heat and humidity better than most. This tree's beauty and weeping character increase with time and maturity. Grows 15+ inches a year. | 2 | 89.99 |
| Picea omorika | Spruce | Kamenz Serbian | A beautiful, spreading Serbian Spruce, 'Kamenz' has a distinctive two-tone look. Short branches covered with needles, green on top and silver beneath, show off both colors at once. Adaptable cultivar complements the form of a bank or slope nicely. Slow-growing and easy, with minimal maintenance. Grows 3-6 inches a year. | 2 | 42.99 |
| Picea omorika | Spruce | Weeping Serbian | This magnificent, formal tree adds height and drama to any garden. Its youthful, open form matures into a neat, narrow spire with gracefully pendant branches and strictly weeping branchlets. It shares the lovely two-tone appearance with the species, and it tolerates heat and humidity better than most. This tree's beauty and weeping character increase with time and maturity. | 1 | 95.99 |

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|-------------------|-----------|-----------------------------|---|-----|--------|
| Picea omorika | Spruce | Silver Blue Serbian | Bright and bushy, this omorika has classic two-tone needles that display a bright silver-blue against a green interior. A wide spreading base supports a sweeping upright peak. Very attractive when planted in deep, rich, well-drained soil in full sun. Grows 15+ inches a year. | 2 | 93.99 |
| Picea orientalis | Spruce | Gowdy Oriental | Very short, glossy, dark-green needles, held close to the stems of this narrow selection, give the well-defined, recurved, sweeping branches a distinctive appearance. The soft-to-the-touch spruce develops into a stately accent that stands out among other greens in the landscape. Mature height: 6-10 feet. | 1 | 145.99 |
| Picea pungens | Spruce | Baby Blue Eyes | Conical to columnar evergreen tree with scaly, purplish gray bark and thick orange-brown shoots. Stiff, thick, sharp-pointed baby-blue needles. Matures at 30 feet high by 15 feet wide. | 1 | 119.99 |
| Picea pungens | Spruce | Bakeri | Conical to columnar evergreen tree with scaly, purplish gray bark and thick range-brown shoots. Stiff, thick, sharp-pointed silvery-blue needles. Matures at 30 feet high by 15 feet wide. | 2 | 159.99 |
| Picea pungens | Spruce | Columnar Blue (Fastigiata) | Columnar evergreen tree with purplish gray bark and stiff, thick, sharp pointed blue-green needles. Matures at 30 feet high by 8-10 feet wide. | 2 | 249.99 |
| Picea pungens | Spruce | Weeping Blue "The Blues" | Lovely garden tree with weeping, cascading blue branches. Plant in full sun. | 1 | 179.99 |
| Pinus contorta | Pine | Taylor's Sunburst Lodgepole | Brilliant, golden-yellow, new growth erupts in spring. The striking color lasts for weeks, then gradually softens to a light, yellow-green as the foliage hardens. Red pollen cones add contrast to this extraordinary vibrant show-stopper. | 2 | 124.99 |
| Pinus densiflora | Pine | Weeping Japanese Red | Long, dark green needles contrast against the reddish brown bark. The branches have a strongly pendulous habit, cascading down the trunk and across the ground. The long white gray candles become a dominant feature in the spring. Can be staked to develop height or leave unstaked to create a dense creeping carpet. Best in full sun. | 1 | 139.99 |
| Pinus flexilis | Pine | Vanderwolf's Pyramid | Distinctive, pyramid shaped pine with long, twisted silvery blue-green needles displayed on dense branches. A superior selection for lawn specimen and accent. Resistant to insects and disease. Evergreen. Slow grower to 20 to 25 ft. tall, 10 to 15 ft. wide. | 3 | 79.99 |
| Pinus koraiensis | Pine | Morris Blue | Superior growth habit and great blue color. It also is very hardy and will grow about 1 foot a year. Full sun or partial shade. the size in ten years will be 10' high and 4-6' wide. | 4 | 39.99 |
| Pinus leucodermis | Pine | Compact Gem Bosnian | A very slow-growing, narrow tree. Elegant, long, dark green needles cover the tree's branches thickly and contribute to a dynamic, full-size feel but fits in tight garden spaces. Superior disease and pest resistance assures year-round beauty. Grows 6-10 inches a year. | 1 | 95.99 |

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|-------------------|-----------|--|---|-----|--------|
| Pinus leucodermis | Pine | Iseli Fastigiata Bosnian | Long, upright branches, covered with pairs of long, lush dark green needles, practically parallel the trunk, giving the shapely columnar tree a distinctly vertical posture. Its big, lush form fits comfortably into a surprisingly compact size. Garden size - 20 feet high x 10 feet wide. | 2 | 218.99 |
| Pinus leucodermis | Pine | Mint Truffle Bosnian | Dense, finely textured, green needles cover every shoot completely. Characterized by restrained, slow growth, gently incurving branches and a compact, well-proportioned form. Very little needle drop and exceptionally good health, disease and pest resistant and tolerant of a variety of conditions, contribute to the value of this unique plant. Grows 6-10 inches a year. | 3 | 93.99 |
| Pinus Mugo | Pine | Mops Mugo on Standard | A true dwarf conifer, this selection of Mugo Pine is perfect for confined spaces, with its dense, symmetrical growth and compact, rounded form. Foliage is blue-grey during the spring and summer, taking on a golden hue during the colder months. May reach 5 ft. tall and wide after 30 years. | 1 | 198.99 |
| Pinus nigra | Pine | Komet Austrian | Dark green, medium length needles adorn strictly upward growing branches that seem to be reaching into the sky like a rocket shooting up into the atmosphere. In spring, tan candles emerge adding weeks of interest. Provide full sun and well-drained soil. Grows 6-12" a year. | 1 | 39.99 |
| Pinus parviflora | Pine | Bergman Japanese White | In spring, the bright, carmine-red pollen cones provide a dramatic contrast to the long, twisted, blue-green needles of this rare Japanese White Pine. The compact, rounded shrub or tree develops a wide, irregular, upright habit that makes a nice architectural accent. Grows 6-8 inches a year. | 3 | 39.99 |
| Pinus parviflora | Pine | Snow in the Valley Japanese White (Tanima no yuki) | A very slow growing dwarf, it begins its life as an irregular mound which, in time, will develop into a small, broad, upright form. One of the last pines to complete its new candle growth in spring, it unfurls its curvy, creamy-white, variegated needles to produce a delightful character in the garden. Grows 2-4 inches a year | 2 | 52.99 |
| Pinus parviflora | Pine | Variegated Japanese White (Ogon janome) | An incredibly beautiful plant, this rare, mid-size, "Dragon's Eye" form of Japanese White Pine exhibits tasteful variegation, like yellow bands on the needles. Grows 6-8" a year. | 2 | 52.99 |
| Pinus sylvestris | Pine | Japanese Stone Pumila | Also known as Dwarf Siberian Pine. Spreading, low, evergreen shrub with branches that are flexible and bend down in cold weather. Dark green needles with bright blue inner sides. Matures at 6 feet tall. | 3 | 94.99 |
| Pinus strobus | Pine | Weeping White | A large, weeping and cascading form. Creates a dramatic landscape specimen. Mature height 6-8 feet unless a leader is trained young. Limbs will cascade to the ground. | 2 | 169.99 |

| Botanical Name | Tree Name | Variety | Description | Amt | Price |
|-------------------|-----------|------------------------------------|---|--------|----------------|
| Pinus Strobus | Pine | Upright Eastern White Fastigiata | Long, slender blue-green needles give this fast-growing, upright tree a delicate look. Branches aim skyward, so trees stay narrow and make a valuable contribution to tight spots that need a big presence with a small footprint. Grows 15+ inches a year. | 3 | 89.99 |
| Pinus thunbergii | Pine | Thunderhead Japanese Black | Especially during winter, the eye-catching, brilliant-white candles of this popular selection of Japanese Black Pine create a striking contrast to the thick, glossy, green needles. Black Pine 'Thunderhead' develops a dense, billowy, cloud-like form that may mature to a form as wide as tall. Grows 6-12 inches a year. | 2 4 | 43.99 98.99 |
| Pinus wallichiana | Pine | Zebrina Variegated Himalayan White | A large golden variegated form of the Himalayan Pine. Nice graceful habit. The gold color is particularly strong in winter, just when we most need color in the garden! It forms an upright, pyramidal tree. It prefers full sun. Height: 2 feet, Width: 6 feet. | 2 | 128.99 |
| Plum/Semi-Dwarf | Plum | Ozark Premier | Bright, large red fruit has a thick yellow skin. Flesh is firm, sweet, juicy and of excellent quality. Semi-freestone. Vigorous, hardy tree is disease tolerant. Fruit ripens early to mid-August. Good for cooking, canning and fresh-eating. Pollinate with Starking Delicious, Redheart or Shiro. | 4 | 55.99 |
| Plum/Semi-dwarf | Plum | Santa Rosa | Purplish-red skin. Sweet-tart flavor. Firm fruit, yellow to dark red near skin; large and keeps well. Excellent fresh eating. Clingstone. Ripens late July. Very productive. Recommend pollinizer, suggest Satsuma. | 6 | 55.99 |
| Plum/Semi-Dwarf | Plum | Satsuma | Deep red skin. Ripens mid-August. Fruit is large, round, firm and juicy. Flavor is sweet and intense. Outstanding fresh or canned. Needs Santa Rosa as a pollinizer. | 1 | 48.99 |
| Plum/Semi-Dwarf | Plum | Shiro | Medium size, yellow fruit has a thin skin. Its fruit is dark yellow, juicy, and has very good quality when ripe. Tree is vigorous, hardy, productive, and self-unfruitful. Good pollinators are Redheart and Ozark Premier. Delicious to eat fresh or canned. Ripens late July early August. | 5 2 | 65.99 45.99 |
| Plum/Semi-Dwarf | Plum | Stanley (European) | Medium to large, oval dark blue fruit. Flesh is very sweet, firm and tender with fine grain. Flavor is rich. Freestone. Excellent for canning, preserves, drying or eating out of hand. Bears early, blooms late and is a heavy annual producer. Trees are vigorous and self fertile, however, yield increases when cross pollinated. Ripens early September. | 5 | 65.99 |
| Plum/Semi-Dwarf | Plum | Superior | The biggest, most flavorful Oriental Plum. Fruit is bright red, very juicy. Fast growing, super hardy, productive trees ripen early August. Suggest Stanley or Toka pollinizer. | 5 | 55.99 |
| Plum/Semi-Dwarf | Plum | Toka | Red skin, firm yellow flesh, rich, spicy flavor. Large pointed fruit. Heavy producer, ripens mid-season. Requires pollinizer, suggest Superior. Hardy in cold climates. | 4 | 48.99 |

|-----------------------|------------------|--------------------------------|--|-------------|--------------------------|
| Prunus | Cherry Plum | Crimson Pointe | Dense, very narrow columnar form. White flowers with deep purple fruit. Rich burgundy foliage accents orange-bronze new growth as it emerges. Requires no pruning. Full sun to partial shade.. Height 20 feet, spread 5-6 feet. | 1 | 119.99 |
| Prunus | Flowering Cherry | Accolade | Height & Spread 20-25' Horizontal spreading branches. Semi-double 1 1/2" early pink blossoms in large drooping clusters before the leaves appear. Hardy. Good street tree. Fruitless cultivar | 1 | 119.99 |
| Prunus | Flowering Cherry | Kwanzan | Height & spread 15-20 feet. Upright, spreading, vase shaped form. Double, deep rose pink blooms, 1 1/2 to 2 inches in diameter. Mid season bloomer. New foliage is bronzy and turns to orange-bronze in the fall. | 1 | 135.99 |
| Prunus | Weeping Cherry | Snow Fountain | Height & spread 12-15 feet. Semi-double snow white flowers. Graceful cascading branches. Orange fall color. Heat and drought tolerant. Smaller than other weeping cherries making it ideal for small gardens. | 1 6 | 219.99 159.99 |
| Prunus | Weeping Cherry | Subhirtella | Height & spread 12-15 feet. Profuse, double pink flowers appear before the leaves. Blooms are 3/4 - 1 inch in diameter. Most popular of the weeping cherries. | 4 1 3 | 159.99 98.99 99.99 |
| Prunus | Weeping Cherry | Higan | Height and spread: 15-25 feet. Graceful weeping habit. Leaves stay glossy throughout the summer and into fall when they turn a vivid yellow. Light pink (almost white), flowers in April. Prefers full sun to part shade. | 3 | 219.99 |
| Prunus cerasifera | Flowering Cherry | Plum Purpleleaf Thundercloud | Terrific landscape tree with unusual coppery-purple foliage backing pale pink to white blooms. Bears small red fruit. Useful in all areas of landscape. Deciduous. Plant in full sun. Height: 15-20 feet. | 6 3 | 159.99 65.99 |
| Prunus incisa | Flowering Cherry | Little Twist | Height & spread 5-6 feet. Stems & shoots zigzag offering a unique form that supports profuse, tightly clustered white flowers with pink centers. Leaves turn maroon in the fall. Perfect for small spaces. Prefers full sun to part shade. | 1 | 119.99 |
| Prunus persica | Flowering Peach | Helen Borchers | Spectacular, large double pink flowers with darker pink centers. Holds blooms up to 3 weeks. Late blooming avoids many frosts. One of the showiest of all flowering peaches. Prune after bloom each year. Grows to a height of 20 feet and spread of 20 feet. | 1 | 59.99 |
| Prunus persica | Flowering Peach | Weeping Double Red | Magnificent, fully double red flowers on an arching/weeping tree. Prune after bloom for good show of flowers the following year. Grows to a height of 20 feet and spread of 20 feet. | 2 | 65.99 |
| Pseudotsuga Mensiesii | Fir | Graceful Grace Weeping Douglas | Vigorous, sturdy branches drape uniformly from each whorl of this, compact weeping tree. Its long, dark-green needles, highlighted with an interesting, glaucous cast, radiate outward around the stems and create a lush, full appearance. Grows more than 15+ inches a year. | 2 | 58.99 |

|-----------------------|----------------|------------------|---|-----|--------|
| Pyrus Calleryana | Flowering Pear | Cleveland Select | Height 25-30 feet, spread 15-20 feet. Upright pyramidal form. Abundant white flowers. Glossy green foliage. Purple, reddish-orange fall color. Good for street plantings. | 1 | 89.99 |
| Quercus bicolor | Oak | Swamp White | Height 50-60', spread 30-40'. Broad, open form. Leaves are dark green and white underneath. Yellow to red fall color. Distinct flaky brown bark. Excellent drought resistance and yet thrives in wet areas. Prefers moist acidic soils. Easy variety to transplant. | 5 | 139.99 |
| Quercus Borealis | Oak | Northern Red | Height 75-90 feet, spread 40-50 feet. Broad round head. Rapid grower. New leaves and leaf stalks are deep red in spring. Large, oval-shaped, deeply lobed leaves turn dark red in fall. Pollution and salt resistant. | 8 | 139.99 |
| Quercus ellipsoidalis | Oak | Northern Pin | Height 75-90 feet, spread 40-50 feet. Broad round head. Rapid grower. New leaves and leaf stalks are deep red in spring. Large, oval-shaped, deeply lobed leaves turn dark red in fall. Pollution and salt resistant. | 6 | 89.99 |
| Quercus macrocarpa | Oak | Bur | This native tree has distinctive, corky bark on the branches. Forms an open rounded tree and the dark green foliage has a gray underside. Fall color is yellowish-brown to purple. Height & spread 60-80 feet. Full sun. Tolerant of wide range of soil types. | 3 | 119.99 |
| Quercus robur | Oak | Heritage | Ht. 80' Spread 50'. An English and Bur Oak hybrid. A beautiful specimen with deep, glossy green, mildew and tatter resistant foliage. Growth is very rapid, habit is dense. Broadly pyramidal when young, maturing into a wide oval form with a strong central leader. Yellow-brown fall color. | 3 | 89.99 |
| Quercus robur | Oak | Regal Prince | Height 50 feet, spread 30 feet. An English and Swamp White Oak hybrid. A very narrow oval form. The foliage is a glossy dark green with a silver underside. The tree is disease resistant and tolerant of a wide range of soil types. Growth rate is medium. | 5 | 89.99 |
| Quince | Quince | Cooke's Jumbo | Extremely large - about twice the size of other varieties. Pear shaped. Yellowish-green skin. White flesh. Good for cooking, pie fillings, candies and jelly. Self-fertile. Ripens September to October. Mature height: 12-15 feet. | 5 | 55.99 |
| Quince | Quince | Orange | Medium to large, round fruit. Some call this the "Apple Quince". Golden skin with orange yellow, tender flesh. Good for cooking, pie fillings, candies and jelly. Self-fertile. Ripens September to October. Mature height: 12-15 feet. | 5 | 55.99 |
| Robinia pseudoacacia | Black Locust | Purple Robe | Height 35-40 feet, spread 20-30 feet. Compact, rounded habit. Long pendulous flower clusters are magenta-pink and long lasting. Attractive bronzy-red new foliage. Drought tolerant. | 2 | 109.99 |
| Robinia pseudoacacia | Locust | Twisty Baby | Height and spread 15-20 feet. Slow growing, interesting twisted and contorted branches. Thinly set white flowers on small, drooping racemes. | 2 | 159.99 |

| Salix alba trisitris | Willow | Golden Weeping | Attractive, golden weeping branches. Very hardy and a fast grower. Likes moist areas. Average height: 40-50 feet. | 8 | 68.99 |
| Sciadopitys verticillata | Umbrella Pine | Green Star | A slow-growing evergreen conifer with a pyramidal form. Gray-green needles are blunt at the tips and shorter than the species, giving 'Green Star' a sturdy appearance. sun/partial shade in well-drained soil. 6' tall x 3' wide in 10 years. | 3 | 119.99 |
| Sophora japonica | Pagodatree | Japanese | Lacy foliage, yet remarkably tough in its construction. Makes an excellent shade tree for high stress urban areas. Broad crown. Medium height. 10- 15 Feet. | 7 | 139.99 |
| Sorbus Aucuparia | Ash | Cardinal Royal Mountain Ash | A straight growing trunk and uniform upright branching habit characterize this cultivar. Late spring white blooms turn to 1/4" red fruit. Leaves are dark green on top with a silvery underside, turning to orange-red in autumn. Needs good drainage. Ht. 30-40 feet, spread 15-20 feet. | 5 | 98.99 |
| Stewartia pseudocamellia | Stewartia | Japanese Stewartia | Among the most desirable of all deciduous landscape trees. Camellia-like flowers in early summer. Striking bark patches-like pieces of a puzzle. Diminutive mature size; ideal as a small specimen tree! Red, yellow, and orange autumn leaf colors. | 5 | 125.99 |
| Styrax japonicus | Snowbell | Japanese | Height 20-30 feet, spread 12-15 feet. Small, rounded habit with horizontal branches. Dainty bell-shaped flowers fragrant in May/June. Leaves are perched like butterflies on the stems so the pendulous flowers are not hidden. Suitable for most any situation. | 1 | 139.99 |
| Syringa bailbelle | Lilac | Tinkerbelle | Compact upright form. Pleasant spicy fragrance and wine-red flower buds that open to dark pink. Prefers a well-drained sunny spot. Height: 5-6 feet, spread: 5-7 feet. | 1 | 119.99 |
| Taxodium distichum | Baldcypress | Shawnee Brave | Height 55 feet, spread 30 feet. This majestic tree is very narrowly pyramidal in form. Delicate and feathery foliage is deep sage-green in color. Ornate, dark purple seed capsules adorn the tree in the fall. Fall color is bronze-orange. | 2 | 119.99 |
| Tilia cordata | Linden | Greenspire | Height 40-50 feet, spread 15-25 feet. Strong growing with straight trunk. Spicy, fragrant, pale yellow flowers. Fast growing. Yellow fall color. | 5 | 159.99 |
| Tilia cordata | Linden | Littleleaf | This pyramidal shaped tree has fragrant yellow flowers. The dark green foliage turns yellow in the fall. Disease free. Height 35-45 feet, spread 30-35 feet. Full sun. | 2 | 159.99 |
| Tilia cordata | Linden | Shamrock | This vigorous grower has a broad, conical form. The open branching creates a less dense shade. Fragrant yellow flowers in summer. The shiny dark green foliage develops a yellowish green fall color. Full sun. Height 40-50 feet, spread 30 feet. | 6 | 159.99 |

|-----------------------|------------------|------------------------|--|-----|--------|
| Tilia mongolica | Linden | Harvest Gold | Upright growth habit. Exfoliating bark and glossy foliage with yellow fall color. High resistance to sun scald and leaf spot. Its glossy summer foliage changes to an unusually bright gold in the fall. Height 30-40 feet, spread 25-30 feet. | 4 | 129.99 |
| Tilia tomentosa | Linden | Sterling Silver | Height 40-60 feet, spread 20-30 feet. A heavy, broad, pyramidal crown. Outstanding dark green foliage above with striking silver beneath. Fragrant yellow blooms late summer. Yellow fall color. Adapts to dry conditions. Disease resistant. | 4 | 129.99 |
| Ulmus | Elm | Jacqueline Hiller | A unique, slow-growing, dwarf elm. Elegant, dense branching that forms a canopy. It is an excellent candidate for use in the garden, in a container, or as a bonsai specimen. Of particular benefit for bonsai, the leaves are mini-versions of those of the gigantic, standard elm, which gives the small tree an advantage in imitating an ancient tree. | 2 | 24.99 |
| Viburnum lantana | Viburnum | Mohican Tree | Height 7-8 feet, spread 5-7 feet. Compact, dense globe. Creamy-white huge flowers cover plant in May followed by orange-red fruit that eventually turn black. Full or partial sun. | 3 | 85.99 |
| Viburnum opulus | Viburnum | Snowball Tree (Roseum) | Delightful soft pink snowballs and deep burgundy autumn color. Flowers and foliage bring great texture and color to the garden. Season of interest: Spring and Autumn. Size: 8-12 feet tall, 6-8 feet wide. Sun to part shade. | 2 | 75.99 |
| Wisteria frutescens | Wisteria | Amethyst Falls | Height 20-30 feet Spread 20 feet. Beautiful, fragrant lavender blue flowers. Blooms are later than sinensis and floribunda varieties and flowers after the foliage has developed. This is a handsome plant in leaf and flower. | 1 | 145.99 |
| Wisteria macrostachys | Wisteria | Aunt Dee | Height 15-20 feet. Light lilac-purple, 7-12 inch fragrant flower clusters late May-June. Later, longer flowering period. Blooms are borne on current seasons shoots. Prefers fertile, well-drained soil and full sun. | 3 | 129.99 |
| Wisteria sinensis | Chinese Wisteria | Cooke's Purple | A woody deciduous vine that can climb 20-30 feet. In the spring produces foot long clusters of fragrant lilac -purple flowers. Perfect for covering patios, arbors, or fences. Full sun to partial shade Occasionally reblooms in the summer. | 2 | 125.99 |
| Wisteria sinensis | Chinese Wisteria | Pink (Rosea Beni Fuji) | Large beautiful clusters of pink blossoms adorn this vine in early to mid spring. Blooms best in full sun. May not bloom the first year planted. Drought tolerant once established. Can be grown as a vine or trained upright into a standard (tree). | 4 | 125.99 |
| Wisteria sinensis | Chinese Wisteria | White Diamond | Height 6-8 feet, spread 8-10 feet. Long, fragrant white flowers racemes appear before the leaves. Prefers full sun. | 1 | 129.99 |
| Zelkova serrata | Japanese Zelkova | Green Vase | Height 60-70 feet, spread 40-50 feet. Vase-shaped form. Bright green serrated leaves. Orange- brown to bronze-red fall color. Fast growing producing a tall graceful tree. | 5 | 189.99 |
